Annual Procurement Plan of CSIR-CSIO for the FY 2020-21

Apparatus & Equipment

concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories	• •	cus & Equipment
2. Screen Printer or Wax Printing Machine 3. Handheld Trans illuminator 4. Magnetic Stirrer 5. Bench Top-Meter 6. Computer/Server 7. Accessories, Software for 3D Scanner 8. Lab Incubator /Hot air oven 9. Laminar flow cabinet/safety cabinet 10. Actuators, guides, LM systems/MIL type 11. Commercial actuators 12. Portable machining Centre 13. Precision Opto-mechanical Stages; Other electronic and optical components 14. Light sources 15. Laptop/Display Unit 16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	S. No.	Name of the Equipment
3. Handheld Trans illuminator 4. Magnetic Stirrer 5. Bench Top-Meter 6. Computer/Server 7. Accessories, Software for 3D Scanner 8. Lab Incubator /Hot air oven 9. Laminar flow cabinet/safety cabinet 10. Actuators, guides, LM systems/MIL type 11. Commercial actuators 12. Portable machining Centre 13. Precision Opto-mechanical Stages; Other electronic and optical components 14. Light sources 15. Laptop/Display Unit 16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autociave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	1.	Rota Vapour
4. Magnetic Stirrer 5. Bench Top-Meter 6. Computer/Server 7. Accessories, Software for 3D Scanner 8. Lab Incubator /Hot air oven 9. Laminar flow cabinet/safety cabinet 10. Actuators, guides, LM systems/MIL type 11. Commercial actuators 12. Portable machining Centre 13. Precision Opto-mechanical Stages; Other electronic and optical components 14. Light sources 15. Laptop/Display Unit 16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer High Temperature Furnace 34. UPS 35. Magnetic Stirrer	2.	Screen Printer or Wax Printing Machine
5. Bench Top-Meter 6. Computer/Server 7. Accessories, Software for 3D Scanner 8. Lab Incubator /Hot air oven 9. Laminar flow cabinet/safety cabinet 10. Actuators, guides, LM systems/MIL type 11. Commercial actuators 12. Portable machining Centre 13. Precision Opto-mechanical Stages; Other electronic and optical components 14. Light sources 15. Laptop/Display Unit 16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	3.	Handheld Trans illuminator
6. Computer/Server 7. Accessories, Software for 3D Scanner 8. Lab Incubator /Hot air oven 9. Laminar flow cabinet/safety cabinet 10. Actuators, guides, LM systems/MIL type 11. Commercial actuators 12. Portable machining Centre 13. Precision Opto-mechanical Stages; Other electronic and optical components 14. Light sources 15. Laptop/Display Unit 16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	4.	Magnetic Stirrer
7. Accessories, Software for 3D Scanner 8. Lab Incubator /Hot air oven 9. Laminar flow cabinet/safety cabinet 10. Actuators, guides, LM systems/MIL type 11. Commercial actuators 12. Portable machining Centre 13. Precision Opto-mechanical Stages; Other electronic and optical components 14. Light sources 15. Laptop/Display Unit 16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	5.	Bench Top-Meter
8. Lab Incubator /Hot air oven 9. Laminar flow cabinet/safety cabinet 10. Actuators, guides, LM systems/MIL type 11. Commercial actuators 12. Portable machining Centre 13. Precision Opto-mechanical Stages; Other electronic and optical components 14. Light sources 15. Laptop/Display Unit 16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	6.	Computer/Server
9. Laminar flow cabinet/safety cabinet 10. Actuators, guides, LM systems/MIL type 11. Commercial actuators 12. Portable machining Centre 13. Precision Opto-mechanical Stages; Other electronic and optical components 14. Light sources 15. Laptop/Display Unit 16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	7.	Accessories, Software for 3D Scanner
 Actuators, guides, LM systems/MIL type Commercial actuators Portable machining Centre Precision Opto-mechanical Stages; Other electronic and optical components Light sources Laptop/Display Unit Pressure Calibrator Opto-mechanical components, hot-tip probe Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator Workstation, Desktop, Data Acquisition system/Smart Devices Multichannel Workstation and Light Source Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders Collimated LEDs of 365, 405, 455, and 530 nm Programmable Dip Coater 4 Channel LED controller Xenon lamp light source Muffle furnace pH meter Optical power meter Autoclave reactor Heating oven/chamber SLD Laser Source and accessories Computers, workstation, laptop and computer accessories such as multifunctional printer High Temperature Furnace UPS Magnetic Stirrer 	8.	Lab Incubator /Hot air oven
11. Commercial actuators 12. Portable machining Centre 13. Precision Opto-mechanical Stages; Other electronic and optical components 14. Light sources 15. Laptop/Display Unit 16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	9.	Laminar flow cabinet/safety cabinet
12. Portable machining Centre 13. Precision Opto-mechanical Stages; Other electronic and optical components 14. Light sources 15. Laptop/Display Unit 16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	10.	Actuators, guides, LM systems/MIL type
13. Precision Opto-mechanical Stages; Other electronic and optical components 14. Light sources 15. Laptop/Display Unit 16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	11.	Commercial actuators
14. Light sources 15. Laptop/Display Unit 16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	12.	Portable machining Centre
15. Laptop/Display Unit 16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	13.	Precision Opto-mechanical Stages; Other electronic and optical components
16. Pressure Calibrator 17. Opto-mechanical components, hot-tip probe 18. Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	14.	Light sources
17. Opto-mechanical components, hot-tip probe 18. Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	15.	Laptop/Display Unit
Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.), Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	16.	Pressure Calibrator
18. Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	17.	Opto-mechanical components, hot-tip probe
Microfluidic pump and operating software kit, Carbon dioxide incubator 19. Workstation, Desktop, Data Acquisition system/Smart Devices 20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	10	Minor Equipment (Microfluidic parts fabrication setup, software, Lamps etc.),
20. Multichannel Workstation and Light Source 21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	10.	Microfluidic pump and operating software kit, Carbon dioxide incubator
21. Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	19.	Workstation, Desktop, Data Acquisition system/Smart Devices
 concentration, license software 10b view, Gas cylinders Collimated LEDs of 365, 405, 455, and 530 nm Programmable Dip Coater 4 Channel LED controller Xenon lamp light source Muffle furnace pH meter Optical power meter Autoclave reactor Heating oven/chamber SLD Laser Source and accessories Computers, workstation, laptop and computer accessories such as multifunctional printer High Temperature Furnace Magnetic Stirrer 	20.	Multichannel Workstation and Light Source
concentration, license software 10b view, Gas cylinders 22. Collimated LEDs of 365, 405, 455, and 530 nm 23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	21	Lock in amplifier, 2 Channel Synchronized function generator, Gas mixing system for known
23. Programmable Dip Coater 24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	21.	concentration, license software 10b view, Gas cylinders
24. 4 Channel LED controller 25. Xenon lamp light source 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	22.	Collimated LEDs of 365, 405, 455, and 530 nm
 Ze. Muffle furnace pH meter Optical power meter Autoclave reactor Heating oven/chamber SLD Laser Source and accessories Computers, workstation, laptop and computer accessories such as multifunctional printer High Temperature Furnace UPS Magnetic Stirrer 	23.	Programmable Dip Coater
 26. Muffle furnace 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer 	24.	4 Channel LED controller
 27. pH meter 28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer 	25.	Xenon lamp light source
28. Optical power meter 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	26.	Muffle furnace
 29. Autoclave reactor 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer 	27.	pH meter
 30. Heating oven/chamber 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer 	28.	Optical power meter
 31. SLD Laser Source and accessories 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer 	29.	Autoclave reactor
 32. Computers, workstation, laptop and computer accessories such as multifunctional printer 33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer 	30.	Heating oven/chamber
33. High Temperature Furnace 34. UPS 35. Magnetic Stirrer	31.	SLD Laser Source and accessories
34. UPS 35. Magnetic Stirrer	32.	Computers, workstation, laptop and computer accessories such as multifunctional printers
35. Magnetic Stirrer	33.	High Temperature Furnace
	34.	UPS
36. Weighing Machine	35.	Magnetic Stirrer
	36.	Weighing Machine
37. Centrifuge	37.	Centrifuge

38.	Rack Servers
39.	Network Switches
40.	Scanner
41.	Server Rack, KVM with monitor and accessories
42.	LCR Meter Advanced
43.	Magnetic stirrer
44.	High resolution weighing system
45.	FTIR spectrophotometer
46.	Bio-Safety Cabinet
47.	UPS For 3D printer Compressor
48.	Handheld Echocardiography
49.	808nm laser diode with power controller
50.	Rework Station
51.	Avionics Simulator
52.	Fiber Optic channel (Tx/Rx) based display Simulator
53.	Fluorescence Microscope
54.	Upgradation of existing Sputtering system
55.	XYZ positioner
56.	Digital Seismic Recorder
57.	Electrochemical Workstation
58.	Electrospinning setup
59.	Spare part of UV vis spectroscopy system
60.	Vertical Laminar hood for cell lecture
61.	Tapping Machine
62.	Portable Sound Analyzer with accessories
63.	Laser Cutting Machine for Metal Cutting, Marking, etc. Applications
64.	Dry block temperature calibrator (-85°C to 125°C)
65.	Vibration Calibrator
66.	VC Facility
67.	Gas Flow Analyser with anaesthesia gas module & Accessories
68.	Anechoic Chamber
